

Workplace Safety

Safety is the first priority for G&A Partners. Together we strive to provide a safe and healthy working environment for all employees and ensure that every employee returns home safely each day. Because we believe prevention is the best defense against workplace accidents, G&A Partners' team of highly trained workplace safety and risk management professionals will help design and administer a safety program that ensures your company is not only compliant with federal safety standards, but also that your employees understand appropriate safety protocols and are trained to follow these procedures in the event of an emergency or incident. G&A's Safety Specialists provide our clients with the training, resources and support they need to make sound decisions regarding the health and safety of their employees.

G&A's Workplace Safety services include:

- Safety audits/inspections (conducted quarterly, semi-annually or annually)
- Investigations of employee accidents/incidents and near-miss investigations
- Development of a written Employee Safety Manual
- Full consultation and assistance with OSHA surprise visits
- Post-audit safety meetings/trainings
- Monthly distribution of "Toolbox" safety training handouts
- Maintenance of backup safety records and documentation
- Other specialized trainings - additional charges may apply (e.g. Heavy Equipment Operator Training, CPR & First Aid Training, etc.)

About G&A Partners

G&A Partners, one of the nation's leading professional employer organizations (PEOs), has been helping entrepreneurs and HR professionals grow their businesses, take better care of their employees and enjoy a higher quality of life for more than 20 years. By providing proven solutions and technology in the areas of regulatory compliance, employee benefits, payroll administration and workplace safety, G&A alleviates the burden of tedious administrative tasks and allows business owners to focus their time, talent and energy on growing their company.
